

Set the standard for electrical safety in Ontario.

Become an ESA inspector.

Take the next step in your career.

The ESA offers a rewarding and collaborative career that impacts people's lives, keeps homes and businesses safe, and supports your success in the industry.

More Details

Employees enjoy competitive benefits packages, a robust pension plan, a company vehicle, work-life balance, and ample vacation time. We are a diverse, people-first organization with many opportunities for learning, personal growth, and long-term stability.

Many electricians find rewarding careers at the ESA, carrying them all the way to retirement.

Main requirement:
**7 years' experience
as an electrician**

**Strong job security
and long-term
benefits**

**Less labour-intensive
than electrical work**

**Supportive culture
that makes it easy to
adjust to the role**
