

Notification Status Quick Tips

1. From the Home screen, select **Notification Status**.
2. The state of the notification is displayed; **Open** or **Closed**
3. Locate the desired notification using the pagination buttons at the bottom of the screen or by selecting Search.
4. Once you have located the desired notification, press **Select** to view additional notification details.
5. The current inspection status is displayed.
6. To add photo/video evidence to this notification, select **Remote Inspection**. *Note: This option is only available if the notification is Open.*
7. To schedule this notification, select **Schedule Inspection**. *Note: This option is only available if the notification is Open.*
8. To return to your list of notifications, select **Back**.
9. To return to the Home page, select **Home** from the **menu** icon at the top right corner of the screen.
