

## ONLINE TRAINING

Now Available!

### REGISTER NOW for an Online Training Course

ESA, like many businesses offering training products and services, is expanding our online learning solution to meet your training needs.

Online learning is delivered through computer based training in an online environment. Progress through the course at your own pace utilizing a variety of educational materials including visuals, audio, multimedia, review exercises, and links to internet resources.

### ESA'S SAFETY & TECHNICAL TRAINING IS NOW AVAILABLE ONLINE!

#### Online Training

**\$199 per person + hst\***
