

## VIRTUAL INSTRUCTOR-LED TRAINING

Now Available!

## REGISTER NOW for a ViLT ESA Training Course

ESA, like many businesses offering training products and services, is introducing a virtual learning solution to meet your training needs. Virtual training is live, Instructor-led, and interactive. Virtual training is designed to replicate the traditional in-person classroom learning experience, while optimizing the convenience and technology of an online virtual environment.

## ESA'S SAFETY & TECHNICAL TRAINING IS NOW AVAILABLE VIRTUALLY!

### Public ViLT Training \$250 per person + hst\*

\*Plus CSA National Code License Fee, if applicable  
\*Some exceptions apply
