Rules of Conduct for the Master Electrician Examination

The Electrical Safety Authority (ESA) upholds strict confidentiality concerning all Master Electrician Examination material. Strict procedures have been implemented in order to preserve the integrity of the Master Electrician Examination.

- The examination remains the exclusive property of ESA and is protected by copyright
- The content of the examination, including the multiple-choice options, is not to be distributed to any other individual, organization or agency
- The Master Electrician Examination is not to be reproduced through memorization or any other means
- Applicants, at any time, are not permitted to leave with the Master Electrician Examination

To ensure the security of the examination area, candidates are not permitted to bring to the examination: Hats, scarves, gloves, coats, book bags, backpacks, briefcases, electronic devices (i.e. cellular phones, cameras, etc.), headphones, headsets, radios, etc. ESA assumes no responsibility for lost, stolen, broken or misplaced personal property. It is up to the candidate to plan accordingly.

Candidates are permitted to bring to the examination: Ontario Electrical Safety Code (**no photocopies** but you can bring in a copy of your printed electronic version with personal watermark), relevant legislation, non-programmable calculator and a pencil.

At no time are candidates permitted to speak to one another while the exam is in session. Once the candidates have completed their examination, they will leave the examination location immediately.

Candidates will not:

- Falsify or misrepresent information required by ESA
- Impersonate others or have someone impersonate themselves in order to participate in the Master Electrician Examination
- Obtain, use or give any answers to another applicant
- Designate or change any answers to questions on the Master Electrician Examination prior to the announcement of commencement, or after the announcement of the conclusion
- Be abusive, either physically or verbally towards the Proctor, ESA staff members, or to any other candidate
- Attempt to bring notes into the examinations that are not permitted. (It is permitted to make notes in the codebook and in the relevant legislation that expands on concepts or words which may not be understood. It is not permitted to add notes that are not relevant to the material covered in these documents).

Electrical Contractor Registration Agency of the Electrical Safety Authority

Candidates will comply with requests and instructions made by a Proctor, including, but not limiting to a request to leave the examination area. Should a candidate not comply with ESA's Master Electrician Examination Rules of Conduct and be suspected of any improper activity, they may be prohibited from writing the Master Electrician Examination for **twelve (12)** months.

If prohibited items are found in the possession of a candidate, the results of the candidate's examination will be declared null and void. The candidate must leave the examination area immediately and not have any contact with the proctors or other candidates.

**It is understood that all candidates will comply with ESA's
Master Electrician Examination Rules of Conduct.**

Prior to signing up for the examination, review the Master Electrician Licence requirements on our website. Passing the examination is only one of the necessary requirements to obtain a Master Electrician Licence.

Master Electrician Examination Outline

The objective of the Master Electrician Examination is to test an individual's knowledge of the laws, rules and regulations governing the installations and repair of electrical equipment and material and the supervision of such work as well as safety and business acumen.

The examination is divided into the following three sections:

1. **The Ontario Electrical Safety Code (33%)** - All sections of the 2018 Ontario Electrical Safety Code and ability of the applicant to properly use the Code as a Reference Book
2. **Worker Safety (33%)** - Recognizing Hazards, Occupational Health and Safety Requirements, The Occupational Health and Safety Act and regulations for Construction and Industrial Projects, the Workplace Safety and Insurance Act, WHMIS
3. **Business Administration (33%)** – Electricity Act, Ontario Regulation 570/05, Consumer Protection, Business Management, Bill C45, Consumer Protection Act and the Construction Lien Act, Human Rights Code, Labour Relations Act, Employment Standards Act, Ontario College of Trades and Apprenticeship Act, as they relate to electrical contracting.

Examination Particulars:

- It is mandatory that each applicant bring a government issued **photo ID** to the examination consisting of any of the following:
 - Driver's licence
 - Passport
 - Canadian citizenship card
 - Government issued identification

Applicants who do not bring an acceptable form of identification, as well as the Confirmation Letter, will not be admitted into the examination area. The applicant will have to re-schedule for the next available examination.

Applicants must arrive to the examination location at least 30 minutes before the scheduled start time.

The Master Electrician Examination is 3 hours in length, which consists of 80 multiple choice questions; there is only one correct answer for each question. If you arrive late or require a restroom break during the examination, additional time for your examination will not be provided. To pass the examination you must achieve an overall mark of at least 70% and a minimum of 60% in each of the three sections.

Master Electrician Examination Application Form:

- ESA must receive your application at least ten (10) working days prior to the examination date, along with a current copy of your professional qualification (CofQ, P.Eng, CET, C-Tech) and proof of experience (e.g. resume or letter from employer). Applications that are incomplete will not be processed and will be returned to the applicant as incomplete. **Once an application has been processed, the examination fee is non-refundable.**

Confirmation Letter:

- If the applicant is accepted, a Confirmation Letter will be sent out indicating the examination date, time and location. Applicants must bring this letter, along with government issued photo ID, to the examination location.

Refusal Letter:

- Should the applicant not be accepted to write the examination, a letter will be issued indicating why the application was refused.

Notification of Examination Results:

- Electronic exams
 - The examination results will be emailed within 3 working days. Applicants must provide their email address at the time of registration.
- Paper exams
 - The examination results will be issued within 15 working days; **results will not be provided over the phone.** Please ensure that that you have provided your current mailing address.

Pre-Master Electrician Course Requirement:

- Applicants that fail the examination two (2) times will be subject to review, and may not be permitted to write again unless the applicant has participated in a Pre-Master Electrician Course or other related course.

Rescheduling Particulars:

- To reschedule your examination, complete the examination transfer request form available on our website and email it to masters.exam@electricalsafety.on.ca.
- **First Transfer**
 - An additional \$28.00 + HST (\$31.64) fee will be charged to reschedule an examination unless ESA is notified at least ten (10) working days **prior** to the examination date.
- **Additional Transfers**
 - Will automatically result in a \$28.00 + HST (\$31.64) fee.
- Applicants **MUST write within one (1) year** of original exam date

- Applicants who do not show up for their scheduled examination will forfeit their fee.

Master Electrician Examination dates and locations can be found on our website
www.esasafe.com

Master Electrician Examination Study Material

The Master Electrician Examination is an open book examination. You are permitted to bring the following to the examination (*workbooks not permitted*):

1. **Ontario Electrical Safety Code** 27th Edition / 2018 (no photocopies). You can bring in a copy of your printed electronic version (with personal watermark).
2. **Relevant Legislation** as it relates to electrical contracting (see below).
3. **Calculator** (non programmable)
4. **Pencil**

Relevant Legislation consists of Acts, Bills and Regulations that relate to electrical contracting and is relevant to the training and examination.

Please note that **ONLY HARD COPIES** of examination materials are allowed.
No electronic devices will be permitted.

The “2018 Master Electrician Examination Study Material” was put together to include all the relevant legislation into one document. You can purchase it for \$64 plus tax, or download it for free by visiting: <http://www.esasafe.com/licensing/master-electrician/exam>

To purchase, simply request a copy of this book when registering for the Master Electrician Exam.

NOTE: If you are taking ESA’s Pre-Master Electrician Course, the “2018 Master Electrician Examination Study Material” book **is included** with your course package.

Tips for Preparing for the Master Electrician Examination

Organizing your materials for an open book examination

- Open book examinations require ample preparation in order to understand and familiarize oneself with the material.
- Preparation allows for better organization, and will assist when searching for information during the examination.

- Be sure to tab, or colour code information that is relevant to the examination
- Utilize your codebook to make notes, or expand on concepts or words which you might not understand.
- You may make notes in your codebook that expand on concepts or words that you might not understand. You are not permitted to add notes that are not relevant to the material covered in the code book.
- Be sure to go over relevant legislation and bring it with you to the examination.

Scheduling your study time

- Study early. It is suggested that arranging your study time into shorter sessions over a period of time proves to be far more valuable than cramming all the material into closely spaced and lengthy study intervals.
- Maintain a regular study schedule.
- Set specific study goals.
- Take breaks between study sessions. More complicated and difficult subjects will require many frequent breaks.
- Begin each study session with a short review of the previously studied material.

REVIEW THE RULES OF CONDUCT PRIOR TO ATTENDING AN EXAMINATION SESSION

By submitting personal information to the Electrical Safety Authority, or its agents and service providers, you agree that ESA may collect, use and disclose such personal information in accordance with its Privacy Policy, applicable laws or pursuant to our Administrative Agreement with the Province of Ontario and disclose such information to third party service providers for the purposes of administering and processing exams and reporting and storage of results (which may be on servers located outside of Canada).

If you provide us with the personal information on behalf of another individual, you represent that you have all necessary authority and/or have obtained all necessary consents from such individual to enable us to collect, use and disclose such personal information for the purposes set forth in our Privacy Policy. A copy of our policy is located on our website at www.esasafe.com.
