Guideline for Proximity to Distribution Lines

Sections 10.(1) and 10.(2)- Version 3.0 to Version 4.0

Revision Summary

1. Purpose statement addresses “Electrical Distributor” and “all persons”
2. “Permanent Structures” and “Non-permanent Structures” are defined.
 - a. Regulation 22/04 addresses “permanent structures”
 - b. Electricity Act may address “non-permanent structures”
3. The term “Separations” is used. Guideline clarifies this term to include the CSA terms (clearance, separation, distance and spacing).
4. “How to Prevent the Occurrence of Unauthorized Installations” was revised, but intent did not. (Section 4.0)
5. Information on how to involve ESA with Proximity issues was included. (Section 5.0).
